

THE SAN FRANCISCO MARATHON

Legend

- The San Francisco Second Half Marathon Route
- Alternate Route
- Second Half Marathon Mile Markers
- Aid Station
- Aid Station with GU
- Shuttle Bus

Elevation Profile:
 The profile shows the elevation in feet (0 to 400) over a distance of 12 miles. The route starts at approximately 100 feet, rises to a peak of about 300 feet at mile 2 (Golden Gate Park), and then remains relatively flat between 100 and 200 feet for the remainder of the route.
